

Internships announced by the Faculty

Observations

The list of internship offers are arranged by degree. Some internships are available for multiple degrees, therefore it is necessary to read thoroughly the observations and requirements. Those appointed as academic tutors are still to be confirmed (they are not guaranteed). Once the internships are designated, the provisional list will be posted on the website of the Faculty and students will be informed via email. Students will have at least 3 days at their disposal in order to resign from their internship or to communicate errors or omissions. Once the deadline for complaints and/or resignations is concluded, the fixed list will be posted and students will have to do the internship allocated to them, and they will not be allowed to resign.

On the other hand, should the student prefer to arrange an internship not appearing in the announcement, they can: 1) Deny doing any internship requests in this Faculty call / 2) Request, and the resign during the established periods.

Any modifications done after the period established by the Faculty will not be accepted.
